1. Lt. Comdr. Knox recommended that the Board consider Dunlap Printing Company as the printer for JANIS volumes because of the excessively high cost of Edward Stern and Company. The Board pointed out that Stern had given satisfactory service and, consequently, the Board was loathe to change printers at this time, when there was little time to make new arrangements. In view of the recommendation of Comdr. Knox, however, the Board agreed that it would investigate Dunlap and see what arrangements could be made for having them print JANIS volumes.
